## EXPERIENCE

### Technical Support

*Sentinel Systems, Lakewood, CO / Nov 2020 - Present*

- Answer user inquiries regarding computer software or hardware operation to resolve problems.
- Enter commands and observe system functioning to verify correct operations and detect errors.
- Install and perform minor repairs to hardware, software, or peripheral equipment, following design or installation specifications.

### Chef

*Shore 96, Shoreview, MN / Jul 2019 - Mar 2020*

- Ensure food is stored and cooked at correct temperature by regulating temperature of ovens, broilers, grills, and roasters.
- Ensure freshness of food and ingredients by checking for quality, keeping track of old and new items, and rotating stock.
- Inspect and clean food preparation areas, such as equipment and work surfaces, or serving areas to ensure safe and sanitary food-handling practices.

### Full Stack Software Developer Student

*Prime Digital Academy, Minneapolis, MN / Jan 2019 - Jul 2019*

- Design test plans, scenarios, scripts, or procedures.
- Test system modifications to prepare for implementation.
- Solo Project : Foodaholic Purpose of my application for hungry patrons to find local food trucks with information on what they server, prices, and their location. Users may search on a current map displaying all trucks within their vicinity Incorporating React, Redux, Material-UI, JavaScript, PostgreSQL, Node, and React- Google-Maps library.
- Group Project: Brain Change Working with our client, Lyle Wildes, developed an application that helps capturing data used to find links on recidivism. Main users would be incarcerated or parolee type, identifying their core values and what might be conflicting internally with them. My role in this project included creating the database, setting up our Trello board, documenting and general participation of group meetings, writing code, and helping one another writing code.

### Sous Chef

*Pazzaluna Urban Italian, Saint Paul, MN / Jun 2014 - Feb 2019*

- Scheduling and coaching BOH ( Back Of House ) staff ranging from five to twenty-five.
- Implementing new dishes and monthly specials along with managing production of all menu items.
- Overseeing ordering and inventorying of all products including food, small-wares, and cleaning products.

### Kitchen Manager

*Altory's Italian Cafe, Moorhead, MN / Jan 2011 - Jun 2014*

- Managing employees be front or back of house, whether be hiring, scheduling, interviewing, or termination.
- Ordering and Inventorying of products, developing new menus.

- Working with front and back of house operations and playing many roles to facilitate restaurant needs.
